## Twisted wonderland english patch

Aniplex (developer) is known for the translation of games after two years, so in the future should be in English. Look at the Magia Record and Fate Grand Order, they've got an English translation and they are smaller brands than Disney. In addition, it seems that TW borrows several items from magia record (interface), so there should be no technical problems. However, there may be few problems. First, they released only the English version of the games in America, so you will probably have to create a second account. Fortunately, it is not difficult to do. Secondly, they can rush events to the point that you end up without scoring to get your limited man. It happened to na players magia record, which received three limited time characters almost at the same time ... I hope this never happens to TW, but who knows. Let's not press the developer to catch up with the japanese version of the game. It's just going to bring despair. We have detected that JavaScript is disabled in this browser. Help Center I would like to download the game, but last time I tried to download the Japanese game. I lost all my ultra rare. It was Osomatsu money wars. Is there any information about when the official translation comes out? I know it will come out because it's Disney and they wouldn't dare not push disney villain ownership usPage 2 6 comments I'm a clown thinking prologue will end in Chapter 5. Apparently there are 20 chapters in total, and I'd rather them when I go... I'm not done yet, but I'm just after those I've finished here. anyway, Twisted Wonderland was released earlier in the afternoon today! It's very neat - as expected from Disney. I still don't know who my favorite is, but diasomnia's dorm and Octavinelle dorm look super nice. That said, there was some talk before the prologue even started the battle with the tutorial, so I'll release those here as well. Note: Bold choices are the one I chose for the game. I'm sure some reactions don't change what we choose, though. In addition, Yuu is the default name for the protagonist. EDIT: I just realized the romance is Grim at Grimm. Edit! Ah, my dear Lord, noble and beautiful flower of evil, you are the most beautiful, number one in this world.—Mirror, mirror on the wall, what the most ... —For thee, guided by a mirror of darkness.Follow your heart and take one reflected in the mirror by hand. Flames that turn even stars into ashes,Ice, which incarcerates even time,The Great Tree, which swallows even the sky.Do not be afraid of the power of darkness.Come now, show your power. Mine, theirs and yours, we only have little time left. Do not let go of that hand, but at any price. Prologue ~ Welcome to Villains World ~ Prologue 1: Awakening Stranger! → This sound is...? → Is it morning????? Darn, people will Quickly! I have to wear a uniform, quickly... Ngggggh!! This lid is so heavy. If he came to this... will have to take advantage of my last resort! Ngg... There! → Gyaa—→!?!? → Fi, fire—→!?!?!? Well then, well then, here's our goal... Huh, gyaa—→!!! You, why have you already woken up!? → a ta-talking raccoon!? → Room with lots of flying cartridges!????? What is a raccoon—!!! I'm the great Grim-sama, you know! Oh, okay. You, the man there. Give me those clothes! Or else... I'm going to gut you all! → so-something help! → dream about how roasted the whole raccoon is as fresh! Grim: That's why I told you. I'm not a raccoon! At the library → Where is it? → If this is a dream, let me wake up quickly!Grim: Do you think you can escape from me!? You little man! Now, if you don't want to be roasted in its entirety, give me those clothes! Hurt! What is this line!????? This is not a line. It's a love hammer! Ah, I finally found you. You're this year's new student, right? It's not good. Arbitrarily get out of the gate! In addition, to have a acquaintance that you have not stopped yet, is contrary to the rules of the school. Grim: Let me go -I'm not that kind of guy you know!????? Yes, yes, every rebellious acquaintance says so. Let's keep quiet for a while, aren't we? Grim: Mmmgh, mmmgh!????? Really. It is unheard of for a new student to arbitrarily open the door and leave by herself. Sigh... how impatient are you? Come, come, the opening ceremony began a long time ago. Let's go to the House of Mirrors. → ... A new student? → ... Door????? this is the room where you woke up - a room with a lot of doors lined. Every student who entered this room walked through that door to come here. Usually the students didn't wake up until we open the door with a special key, but... → So those coffins were the doors → I think the flames knocked the lid????: It seems that in the end the main culprit is this familiar. If you brought him here, then take care of him responsibly... Oh! It wasn't a time for long speeches. If we don't go soon, we'll miss the opening ceremony. Come on, come on, we're going. → Before this place is located? → Before who you????? Oh? Aren't you fully conscious yet? I wonder if, perhaps, your memories are upsetting because of the magic of space transport... All right, all right. After all, it happens a lot. I'll explain to you how we walk. After all, I am kind. Backyard???? It's Night Raven College. It is a place where magic eggs gather[1] with exceptional talent. Twisted Wonderland's most prestigious academy of magic training. And I am the director overseeing this academy under the chairman of the board, Dire Crowley. → Ma... Magician? → Ni.. Colle...? Crowley: The only ones who could enroll in this school are with those great qualities as a magician, the ones that were confirmed by the Mirror of Darkness. The nominees to this academy are called through the door, from all over the world. In your place, too, a really black carriage carrying the door came to pick you up. → I I survived a dark forest... → think he was a horse with a terrible face... Crowley: That black carriage is designed to pick up new students chosen by the mirror Darkness.It is a special carriage carrying the doors that lead to the academy. Since time immemorial, it has been decided in conventional wisdom that carriages are used for picking on a special occasion, am I right? → you said conventional wisdom, but whose conventional wisdom is it? → In other words, I was brought here by force in that carriage!? Grim: Mgggh—→! Mmmggh—→! Crowley: Come on, we're going to the opening ceremony now. Notes[1] Tamago, like a magician-in-the-making. Developer: Aniplex Inc. Description Disney Twisted Wonderland is a Japanese battle rhythm game created by Disney and Aniplex. The characters are created by Yana Toboso.The game centers around characters inspired by villains from Disney films, and is described as villains in the Academy adventure game, which will have rhythm game elements and battles. The story of the game begins when the main character is invited to another world in a magical mirror. There, the main character arrives at the prestigious magic training school at Night Ravens College. Nowhere to go, the main hero offers protection to the school's masked principal, and comes up with an uncooperative but genius student at school while trying to find a way to get home.
