Potser l'ordinador no compleixi els requisits de maquinari; potser vostè va comprar un joc per error; potser vostè va jugar el títol durant una hora i simplement no li va agradar. No importa. Valve emetrà, prèvia sol·licitud a través de help.steampowered.com, un reemborsament per qualsevol motiu, si la sol·licitud es fa dins del període de devolució requerit, i, en el cas dels partits, si el títol s'ha jugat durant menys de dues hores. Hi ha més detalls a continuació, però fins i tot si vostè cau fora de les regles de reemborsament que hem descrit, vostè pot demanar un anyway and let's take a look. You will be issued a full refund of your within one week of approval. You will receive a refund in Steam Wallet funds or through the same payment method that you used to make the purchase. If, for any reason, Steam is unable to issue a refund using the initial payment method, the steam portfolio will be paid the full amount. (Some payment methods available through Steam in your country may not support returning a purchase to your original payment method. Click here for a full list.) The steam refund offer , within two weeks of purchase and with less than two hours of playtime, applies to games and software apps in the Steam store. Here's an overview of how refunds work with other types of purchases. Refunds of downloadable content (usable steam store content within another game or software application, DLC) DLC purchased from the steam store is refundable within fourteen days of purchase, and if the underlying title has been played for less than two hours since purchasing the DLC, as long as the DLC has not been consumed, modified or transferred. Note that, in some cases, Steam cannot give refunds for any third-party DLC (for example, if the DLC irreversibly levels up a game character). These exceptions will clearly be marked as non-refundable on the Store page prior to purchase. Refunds on in-game purchases Steam will offer refund for in-game purchases within any game developed by valves within forty-eight hours of purchase, provided the item in the game has not been consumed, modified or transferred. Third-party developers will have the option to enable in-game refunds in these terms. Steam will tell you at the time of purchase if the game developer has chosen to offer refunds on the item in the game you are buying. Otherwise, in-game purchases in non-valve games are non-refundable through Steam. Pre-purchased fare refunds When you pre-purchase a ticket on Steam (and paid for the ticket in advance), you can request a refund at any time prior to the publication of this ticket. The standard 14-day/two-hour refund period also applies, starting with the game's release date. Steam portfolio refunds You can request a refund for steam wallet funds within fourteen days of purchase if they have been purchased from Steam and if you have not used any of these funds. Renewable subscriptions For some content and services, Steam offers regular access (e.g. monthly, annual) that you pay on a recurring basis. If a renewable subscription hasn't been used during the current billing cycle, you can request a refund within 48 hours of your initial purchase or within 48 hours of any automatic renewal. The it is considered used if games have been played within the subscription during the current billing cycle or if any benefits or discounts included with the subscription have been used, consumed, modified or transferred. Note that you can cancel an active subscription at any time, please see your account details. Once cancelled, the subscription will no longer but retain access to content and subscription benefits until the end of the current billing cycle. Steam hardware Within the applicable time period identified in the Hardware Refund Policy, you may request a refund for steam hardware and accessories purchased through Steam for any reason. You must send us your hardware within fourteen (14) days of requesting a refund, following the instructions provided. See the Hardware Refund Policy for detailed guidelines on the steam hardware and accessories return and cancellation process. Package refunds You can receive a full refund for any package purchased from the Steam Store, as long as none of the items in the package have been transferred and if the combined use time for all items in the package is less than two hours. If a package includes an in-game item or non-refundable DLC, Steam will tell you if the entire package is refundable during check-out. Purchases made outside the steam valve cannot provide refunds for purchases made outside steam (e.g., CD keys or steam purse cards purchased from third parties). Vac Bans If you have been banned by VAC (the anti-cheat valve system) in a game, you lose the right to refund this game. Video content We can't offer refunds for video content on Steam (e.g., movies, shorts, series, episodes, and tutorials), unless the video is in a package with other refundable content (not video). Refunds for gifts not considered can be refunded within the standard 14-day/two-hour refund period. Redeemed gifts may be refunded under the same conditions if the recipient of the gift initiates the return. The funds used to buy the gift will be returned to the original buyer. EU Withdrawal Right For an explanation of how the EU's right of withdrawal works for steam customers, click here. Abuse refunds are designed to eliminate the risk of buying titles on Steam, not as a way to get free games. If we think you're abusing refunds, we can stop offering them to you. We do not consider it to be abuse to request a refund for a title that was purchased just before a sale and then immediately repurchase that title for the sale price. You can request a refund or get other help with your steam purchases at help.steampowered.com. Last Updated November 10, 2020 Page 5 You can request a refund for almost any purchase on Steam – for any reason. Your computer may not meet the hardware requirements; maybe you bought a game by mistake; maybe you played the title for an hour and just didn't like it. It doesn't matter. Valve will issue, upon request through a refund for any reason, if the request is made within the required refund period, and, in the case of matches, if the title has been played for less than two hours. There are more details below, but even if you fall outside of the refund rules we've described, you can ask for a refund anyway and we'll take a look. You will be issued a full within one week of approval. You will receive a refund in Steam Wallet funds or through the same payment method that you used to make the purchase. If, for any reason, Steam is unable to issue a refund using the initial payment method, the steam portfolio will be paid the full amount. (Some payment methods available through Steam in your country may not support returning a purchase to your original payment method. Click here for a full list.) The steam refund offer , within two weeks of purchase and with less than two hours of playtime, applies to games and software apps in the Steam store. Here's an overview of how refunds work with other types of purchases. Definitions Wherever we talk about personal data below, we refer to any information that may be identified as a person (Personally Identifiable Information) or that can be connected to you indirectly by linking it to personally identifiable information. Valve also processes anonymous, aggregated or non-aggregated data to analyze and produce statistics related to the habits, patterns of use and demographics of customers as a group or as individuals. These anonymous data do not allow the identification of the customers to which it relates. The valve may share anonymous, aggregated or non-aggregated data with third parties. Other capitalized terms of this Privacy Policy will have the meanings defined in the (SSA). 2. Why the valve collects and processes the data valve and process personal data for the following reasons: a) when necessary for the agreement with our agreement with you to provide a gambling service with all functions and offer content and associated services; b) when necessary for compliance with the legal obligations to which we are subject (for example, our obligations to maintain certain information in accordance with tax laws); c) when necessary for the purposes of the legitimate and legal interests of Valve or a third party (for example, the interests of our other clients), unless these interests are cancelled by your current legitimate interests and rights; or d) when you have given your consent. These reasons for collecting and processing Personal Data determine and limit what personal data we collect and how we use it (section 3. below), how long we store them (section 4 below), who has access to it (section 5. below) and what rights and other control mechanisms are available to you as a user (section 6. below). 3. The types and data sources we collect 3.1 Basic account data when setting up an account, Valve will collect your email address and country of residence. You must also choose a username and password. The provision of this information is necessary to register a steam user account. During account setup, your account is automatically assigned a number (the Steam ID) that is later used to reference your user account without directly exposing personally identifiable information about you. We don't need you to provide or use your real name to set up a steam user account. 3.2 Transaction and payment data In order to make a transaction with Steam (for example, to purchase subscriptions for content and services or to finance your steam portfolio), you may need to provide Valve with payment details to enable the transaction. If you pay by credit card, you must provide typical credit card information (name, address, credit card number, expiration date and security code) to Valve, which Valve will process and transmit to the payment service provider of your choice to enable the transaction and perform anti-fraud controls. Likewise, Valve will receive data from its payment service provider for the same reasons. 3.3 Other data you explicitly submit will collect and process personal data as long as you explicitly provide or send it to us as part of communication with others on Steam, for example in steam community forums, chats, or when you send feedback or other user-generated content. These data include: Information you publish, comment on or follow in any of our Content and Services; Information sent through the chat; Information you provide us with when request information or support or purchase Content and Services, including information necessary to process your orders with the relevant payment merchant or, in the event of physical goods, shipping providers; Information you provide us with when participating in competitions, competitions and tournaments or responding to surveys, surveys, their contact details. 3.4 Your use of steam client and websites we collect a variety of information through your general interaction with the websites, content and services offered by Steam. The personal data we collect may include, but is not included, including information from your browser and device, data collected through automated electronic interactions and app usage data. Likewise, we will track your process through our websites and applications to verify that you are not a bot and optimize our services. 3.5 Using games and other subscriptions In order to provide you with services, we must collect, store, and use various data about your activity on our Content and Services. Content-related information includes your steam ID, as well as what is typically known as game statistics. Based on game statistics, we understand information about game preferences, game progress, playtime, and information about the device you're using, such as the operating system you're using, device settings, unique device IDs, and crash data. 3.6 Data and Cookie Tracking We Use Cookies, which are text files placed on your computer, and similar technologies (e.g., web beacons, pixels, ad tags and device identifiers) to help us analyze how users use our services, as well as to improve the services we offer, to improve marketing, analytics, or website functionality. The use of cookies is standard on the Internet. Although most web browsers automatically accept cookies, the decision whether or not to accept them is theirs. You can adjust your browser settings to avoid receiving cookies, or to provide you with notification whenever a cookie is sent to you. You can refuse the use of cookies by selecting the appropriate settings in your browser. The management of the use of cookies for each browser is detailed in the following help page: . However, please note that if you do, you may not be able to access the full functionality of our websites. When you visit any of our services, our servers register your IP address, which is a number that is automatically assigned to the network your computer is part of. 3.7 Content Recommendations We may process the information collected in section 3 so that the content, products and services displayed on the Steam store pages and in the update messages displayed at startup by the Steam Client can be tailored to your needs and filled with relevant recommendations and offers. This is done to improve your customer experience. You can avoid the your data in this way by turning off automatic loading of the steam store page and steam notifications in the Interface section of the steam client settings. Subject to your separate consent or when explicitly permitted in accordance with applicable email marketing laws, Valve may send you marketing messages about the products and services offered by Valve to your Address. In this case we may also use your collected information to personalize these marketing messages, as well as collect information about whether you opened these messages and what links you followed in their text. You can deactivate or withdraw your consent to receive marketing emails at any time by withdrawing consent from the same page where you previously provided it or by clicking the unsubscribe link provided in each marketing email. 3.8 Information required to detect violations We collect certain data necessary for our detection, investigation and prevention of fraud, cheating and other SSA violations and applicable laws (Violations). This data is used only for the detection, investigation, prevention and , where appropriate, acting on these violations and stored only for the minimum time necessary for this purpose. If the data indicate that an infringement has occurred, we will store even more the details of the establishment, exercise or defense of legal claims during the applicable statute of limitations or until a court case related to it has been resolved. Please note that the specific data stored for this purpose cannot be disclosed if disclosure will jeopardize the mechanism through which we detect, investigate, and prevent such violations. 4. For how long we store data we will only store your information whenever necessary to meet the purposes for which the information is collected and processed or - where applicable law provides for a longer storage and retention period - for the storage and retention period required by law. After that, your Personal Data will be deleted, blocked or anonymised, in accordance with the provisions of applicable law. In particular: If you cancel your Vapor user account, your personal data will be dialed for deletory, except for the legal requirements of the degree or other legitimate purposes in force, will dictate a longer storage. In certain cases, personal data cannot be completely deleted to ensure consistency of the gaming experience or the community steam market. For example, matches you've played that affect other players' data and scores won't be deleted; rather, their connection to these matches will be permanently anonymised. Please note that Valve is required to keep certain transactional data in accordance with commercial and legal tax law for a period of up to ten (10) years. If you withdraw your consent on which a processing of your Personal Data or your child's Personal Data is based, we will delete your Personal Data or, respectively, your child's Personal Data without undue delay to the extent that the collection and processing of the Data based on the withdrawn consent. If you exercise the right to object to the processing of your Personal Data, we will review your objection and delete your personal data that we process for the purpose in which you have objected without undue delay, unless there is another legal basis for the processing retaining such data exists or, unless applicable law requires us to keep the data. 5. Who has access to the data valve does not sell personal data. However, we may share or facilitate access to each of the categories of Personal Data we collect as needed for the following business purposes. 5.1 The valve and its subsidiaries may share their Personal Data with each other and use them to the extent necessary to achieve the purposes mentioned in section 2 above. In case of reorganization, sale or merger we may transfer personal data to the corresponding third party subject to applicable law. 5.2 We may also share your personal data with our third-party service providers who provide customer service in connection with goods, content and services distributed through Steam. Your Personal Data will be used in accordance with this Privacy Policy and only to the extent necessary for the realization of customer service. 5.3 In accordance with Internet standards, we may also share certain information (including your IP address and the identification of steam content you want to access) with our third-party network providers that provide content delivery network services and game server services in connection with Steam. Our content delivery network providers allow the delivery of digital content that you have requested, for example, when you use Steam using a distributed server system that delivers the content to you, depending on your geographic location. 5.4 Google Analytics Our website uses Google Analytics, a web analytics service provided by Google, Inc. (Google). Google Analytics uses cookies to help website operators analyze how site visitors use usage. The information generated by the cookie about the use that visitors may make of the website will be transmitted and generally stored by Google on servers in the United States. Ip anonymization has been activated on this website. The IP addresses of users visiting Steam will be shortened. Only in exceptional cases will a full IP address be transferred to a Google server in the United States and shortened. On behalf of the website operator, Google will use this information in order to evaluate the website for its users, in order to compile reports on website activity and provide other services related to website activity and Internet use for website operators. Google will not associate the IP address transferred in the context of Google Analytics with any other data in the power of Google. You can refuse the use of cookies by selecting the appropriate settings in your browser. However, please note that in this case you may not be able to use full functionality of this website. Learn more about how Google Analytics collects and uses data on www.google.com/policies/privacy/partners. In addition, you can prevent the collection and processing of Google data about your use of the website, downloading and installing the browser plugin through the following link: link: 5.5 We make certain data related to your steam user account available to other players and our partners through the Steamworks API. This information can be accessed by anyone by consulting their steam ID. At the very least, the name of a public person you have chosen to represent you steamy and your image of Avatar are accessible in this way, as well as whether you have received a ban on cheating in a multiplayer game. The accessibility of any additional information about you can be controlled through your steam community user profile page; publicly available data on the profile page can be accessed automatically through the steamworks API. In addition to publicly available information, game developers and publishers have access to certain steamworks API information directly related to users of the games they operate. This information includes at least ownership of the game in question. Depending on which steamworks services are implemented in the game you can also include ranking information, your progress in the game, the achievements you have completed, your matchmaking multiplayer game information, in-game elements and other information needed to operate the game and provide support for it. For more information about which steamworks services a specific game has implemented, review its store page. While we don't personally share information about you through the Steamworks API, such as your real name or email address, any information you share about yourself in your public steam profile can be accessed through the Steamworks API, including information that might make you identifiable. 5.6 The Steam community includes message boards, forums and/or chat areas, where users can exchange ideas and communicate with each other. When posting a message to a board, forum, or chat area, please note that the information is being made publicly available online; therefore, he is doing so at his own risk. If your personal data is published in one of our community forums against your will, use the Reporting feature and steam help site to request its removal. 5.7 The valve may allow you to link your steam user account to an account offered by a third party. If you consent to link the accounts, Valve may collect and combine the information it allowed Valve to receive from a third party with information from its steam user account to the extent permitted by its consent at the time. If the link to the accounts requires the transmission of information about your valve person to a third party, you will be informed about it prior to linking and given the opportunity to consent to the link and the transmission of your information. The third party's use of your information subject to the third party's privacy policy, which we encourage you to review. 5.8 The valve may release personal data to comply with court orders or laws and regulations that require us to disclose this information. 6. 6. Mechanisms of Rights and Control Data protection laws of the European Economic Area, California and other territories grant their residents certain rights in relation to their Personal Data. While other jurisdictions may provide fewer legal rights, we make tools designed to exercise these rights available to our customers worldwide. To allow you to exercise your data protection rights in a simple way we are providing a section dedicated to the steam support page (the Privacy Dashboard). This gives you access to your Personal Data, allows you to rectify and delete it when necessary and oppose its use where it deems necessary. To access it, sign in to the Steam support page in and choose items from the My Account -> data related to your steam account menu. In most cases, you can access, manage, or delete personal data on the Privacy Dashboard, but you can also contact Valve with questions or requests through the contact processes described in sections 8 and 10 below. As a resident of the European Economic Area you have the following rights in relation to your Personal Data: 6.1 Right of Access. You have the right to access your Personal Data that we have about you, i.e. the right to require for free (i) information if your Personal Data is kept, (ii) access to and/or (iii) duplicates of personal data kept. You may use the right to access your personal data through the Privacy Dashboard. If the request affects people's rights and freedoms or is manifestly unfounded or excessive, we reserve the right to charge a reasonable fee (taking into account the administrative costs of providing the information or communication or taking the requested action) or refusing to act on the request. 6.2 Right to rectification. If we process your Personal Data, we will strive to ensure by implementing the appropriate measures that your Personal Data are accurate and up-to-date for the purposes for which they were collected. If your personal data is inaccurate or incomplete, you can change the information you provided through the Privacy Dashboard. 6.3. Right to erase. You have the right to obtain the deletion of personal data relating to you if the reason why we could collect it (see section 2. above) no longer exists or if there is another legal basis for its deletion. For individual items of personal data, please edit them through the Privacy Dashboard or request deletion through the steam support page. You can also request the deletion of your steam user account through the steam support page. As a result of deleting your steam user account, you will lose access to steam services, steam user account, subscriptions and game-related information linked to your steam user account and the ability to access other services for which you use the steam user account. We allow you to restore your steam user account for a grace period of 30 (thirty) days from the moment you request the deletion of your Steam Steam Account. This functionality allows you not to lose your account in error, due to your loss of your account credentials or due to hacking. During the suspension period, we may terminate any financial and other activities that you may have initiated before submitting your steam user account deletion request. After the grace period, personal data associated with your account will be deleted in section 4. Above. In some cases, deleting your steam user account, and therefore deleting personal data, is complicated. That is, if your account has a business relationship with Valve, such as because of your work for a game developer, you can only delete the steam user account after you have transferred that feature to another user or dissolved the business relationship. In some cases, taking into account the complexity and number of requests, the erasure period of personal data may be extended, but for no more than two more months. 6.4 Right to object. When our processing of your Personal Data is based on legitimate interests in accordance with Article 6(1)(f) of the GDPR / section 2.c) of this Privacy Policy, you have the right to oppose such treatment. If opposed we will no longer process your Personal Data unless there are compelling and valid legitimate grounds for processing as described in Article 21 of the GDPR; in particular if the data is necessary for the establishment, exercise or defense of legal claims. You also have the right to file a claim with a supervisory authority. 6.5 Right to restrict the processing of your Personal Data You have the right to obtain the restriction of the processing of your Personal Data under the conditions established in article 18 of the GDPR. 6.6 Right to the portability of personal data You have the right to receive your Personal Data in a structured, commonly used and machine-readable format and you have the right to transmit this data to
